Gateway Celebrates Black History Month

Future Excellence learned from the Past

Greetings Gateway families,

February is Black History Month and our Gateway students are creating presentations on people of color that have made positive contributions to society based on the research they have done.

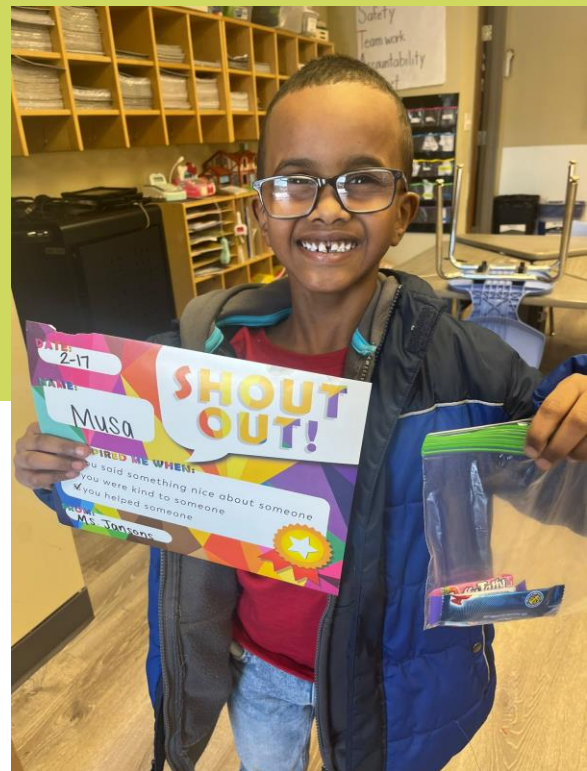

It is important to state that the purpose of celebrating achievements of people of color during the month of February allows our Gateway students, staff and families to see the potential in themselves through the accomplishments of others.

On Thursday, March 9th from 1:30 – 3:00 come visit school and allow our students to show their learning.

I am hopeful that we will see each of you next Thursday as we continue to support the wonderful school community that is Gateway!

Rewarding Student Effort

Parents Hold the Key to Success

Gateway is having an I-Ready contest that is taking place for all grade levels. We are asking students to master their assigned 15-minute math and reading lessons that will help our students be successful in school.

We are tracking the number of lessons that each student is successfully completing and rewarding classes for their efforts.

Parents can have your child work on the reading and math lessons at home. We are having a school wide contest and will be rewarding the grade level that successfully completes the most lessons per student.

Gateway will also be rewarding individual students in each grade level that successfully complete lessons as well.

Thanks for helping to support our students as they work on their reading and math on i-Ready!

Student Projects

Students will be presenting the Black History Month projects during the afternoon between 1:30pm-3:00pm on March 9th. This is being rescheduled because of the snow days that occurred last week.

We would love to see our parents support our students by coming to school next Thursday!
